

Katazome Class

Introduction to Japanese Stencil Cutting

Instructor Karen Miller

Dates: March 6th, March 20th, April 3rd

Time: 11-3pm

Cost of classes: \$90, plus \$45 materials fee/student. This includes a full sheet of stencil paper and silk mesh. Payable at the first class.

Place: Oregon Nikkei Legacy Center
121 NW 2nd Avenue, Portland, OR 97209

Equipment to bring: Exacto knife handle for #11 blades.

A full sheet of stencil paper makes the equivalent of four 11 x 17 stencils.. The only limitation will be that we need to leave enough margins so you have at least 1 to 1 1/2 inches all around. Bring any designs you may have that you want to consider carving so I can advise you. Many image are fine: abstract, folk images from various cultures, traditional Japanese patterns etc. I have a huge library of copyright free designs for you to choose from. The first class will be spent choosing images, making copies and starting to carve. The last class will be spent applying the silk mesh to your stencils.
